Trip Changes

Our itineraries are an approximation of our trips. Trek Travel strives to offer each and every guest a vacation of a lifetime on every trip. At times routes, hotels, activities, etc. listed here may change at the discretion of the trip designer or guides to improve the trip experience.

What are the daily rides like?

- Rider Type | 4
- Terrain | Mountainous
- Etape Course Distance | 88 miles or 142 kilometers
- Etape Course Climbs | Col du Chaussy, Col du Glandon, Col de la Croix de Fer, Col du Mollard, La Toussuire

On all of our vacations, Trek Travel strives to find quiet, paved secondary roads or bike paths to experience a region; busy roads are avoided as much as possible. The Etape du Tour is best suited for our Type 4 Riders. See day by day itinerary for specific daily ride distance and elevation options.

What are the options for a non-rider travel companion?

This destination is best suited to guests who want to cycle every day. Because of the terrain and/or remoteness of the hotels and riding routes, there are few, if any, non-riding options available. If a non-rider wants to accompany a rider guest on this trip, they would need to spend many hours in the van and/or at the hotels on the trip. Due to this, we strongly discourage non-riders from this destination. As an alternative, call a Trek Travel Trip Consultant at 866.464.8735 for trip suggestions where more non-rider activities are available, such as:

- Tour de France Paris Finish Package
- Tour de France Pyrenees Ultimate
- Tour de France Alp d'Huez to Paris

What is the weather going to be like?

The summer months in the Alps are typically warm with daily temperatures ranging from the mid 60s to low 80s, dropping to the mid 50s to mid 60s in the evenings. When traveling in the mountains, it is best to be prepared for variable conditions as weather can change very quickly and is certainly cooler than low lying cities. We recommend always traveling with rain gear as well as breathable layers to provide warmth should the weather turn and the temperature drop.

Do you have upgrade options available?

For an additional fee you may request to upgrade to the brand new Trek Emonda SLR with Shimano Di2 electronic shifting for the ultimate riding experience. Upgrades to Bontrager Aeolus carbon wheels and Trek Ride Plus electric assist bicycle are also available. Contact our trip consultants for more details.

What if I have to change or cancel my trip?

We understand things happen in life and sometimes you have to cancel or change your bike tour. We want to make it as easy as possible to do so and below you will find our timeline. If you ever have a question, just give us a call, 866 464 8735. [Read our cancellation policy.](#)
