There are few cultures, countries and people as unique and magical as Japan's. Here, stark contrasts come together and create a majestic, disciplined and beautiful destination that's truly best seen from a bicycle. Your mind's eye most likely goes to the bustling electricity of Tokyo or the solemn quiet of the rice paddies, but that's barely scratching the surface. We'll show you a completely different side of Japan, steeped in traditional arts, nature and history. We'll go deep into the hidden world of Buddhist pilgrims, ancient temples, and the Nara region—the cradle of Japanese civilization. It's here where the first Japanese Emperors established their capitals and where many of the country's oldest shrines, temples, tombs, stone monuments and archaeological excavations can be found. In between we'll enjoy the country's numerous natural hot springs for a truly traditional Japanese unwinding, and of course visit local markets for a deep dive into the undiscovered riches of Japanese cuisine. Sushi is only the beginning, as we'll taste matcha tea, sake and fish prepared so fresh, you'll never want it any other way. Discover this world of contrast where modern sophistication meets ancient cultures meets natural beauty.

JAPAN BIKE TOUR
DISCOVERING A LAND OF ANCIENT AND MODERN
Welcome to Japan! Your trip starts in Kyoto, where you'll meet your guides at 09:45 AM at Hotel Granvia. We'll board a one-hour shuttle to Uji, one of the oldest cities in the country, located on the banks of the Uji-gawa River and famous for matcha green tea production. Then we'll prepare for our first ride of the trip. Your guides will familiarize you with your Trek bike, including an informal fit session along with safety talks and expectations for the week. We'll enjoy a bite for lunch and finish with a matcha ice cream before we roll out. This first ride winds its way on beautiful roads through lush forest and rolling hills polka-dotted with tea terraces. We'll stop for a sip of a tea in Wazuka, a small town in the countryside famous for tea fields and many tea farms. Our destination is Nara, which will also be our home for next two nights. Don't be surprised if you see deer roaming through the town, as they are practically domesticated and a common sight in Nara deer park. This evening we'll gather for a social hour and conclude with a Japanese traditional dinner at a local restaurant.

FAQS

What Are The Daily Rides Like?

- Rider Type | 3 - Active
- Average Daily Mileage | 35
- Terrain | Hilly
- Average Daily Elevation | 3,900 feet
- Total Miles | 209
- Total Elevation | 23,500 feet

Averages and totals are calculated from our “Today’s Ride” options.

The terrain is varied with rolling hills, mountainous areas and challenging climbs. Some days the hills are short and rolling while others include sustained climbing. Distance can be adjusted but difficulty of the rides is due to the elevation. The riding in Japan is technical since there are lot of small roads, steep winding descents, urban riding at the beginning and end of the ride and riding on the left side of the road. Japan is best suited for our Type 3 and 4 Riders. Tandem bikes are not allowed in Nara and Wakayama prefecture therefore we can not accommodate tandem bikes on our trip.

What are the options for a non-rider travel companion?

On most Trek Travel trips, we offer non-riding options for riders who want to take the afternoon off, or travel companions who want to spend little or no time in the saddle. Some of these options may need to be scheduled before your trip—please contact one of our Trip Consultants for more information. Expenses and/or related transportation to these activities may not be included in the trip price. Some non-riding options on this trip are:

- Temple visits
- Sake tasting
- Sushi cooking class
- Relax in an Onsen
- Walk in a Japanese garden
- Spend the night at a temple and be a part of the monks’ rituals
