SANTA FE, OJO CALIENTE AND TAOS: THE LAND OF ENCHANTMENT

There is a good reason Northern New Mexico is called the "The Land of Enchantment." For millennia, people have gravitated to the Rio Grande Rift Valley and the flanking Sangre de Cristo and Jemez mountains. The heritage they left behind is still thriving in the culture, cuisine and landscape we will experience along our route. Santa Fe is truly the epicenter of the American Southwest, and as we explore the 400 year-old streets we will sample what makes the town unlike any other. Heading north through Ojo Caliente and on to the historic town of Taos, we pass through four different Native American Pueblos; ride along a segment of the famed High Road to Taos; and cross the Rio Grande beneath sacred mesas riddled with ancient petroglyphs. Add to this natural mineral hot springs and hiking trails through dramatic white cliffs that inspired the paintings of Georgia O'Keeffe, capped off with the ultimate in comforts at our hotels and spas. Ride, relax and experience the enchanting land of New Mexico on this cycling vacation of a lifetime.

We'll then leave Abiquiú by bike and head to the trailhead for the fantastic hike at Plaza Blanca. It is easy to see why this magical place was a favorite subject for the artist Georgia O'Keeffe. Today's ride ends here. The Ojo Caliente Mineral Springs Resort and Spa has been named one of the "coolest hotels in the West" and once you arrive you likely will not want to leave. The springs themselves have been a gathering place for Native Americans for thousands of years, and numerous hiking trails from the resort take you past relics of those societies. The resort itself began in 1868 as a bathhouse and the historic hotel where we dine was constructed in 1916. Today the resort offers comfortable accommodations, a

wide array of spa treatments, mineral pools of varying temperatures, delicious cuisine and is the perfect basecamp for our explorations of the area.

MEETING & DEPARTING

How To Get There

We suggest that you arrive at least one day prior to the trip start, which will enable you to adjust to the time zone and minimize the risk of missing the trip start due to flight-related delays. We recommend that you fly into the Albuquerque International Sunport (ABQ).

We recommend booking a seat on the Sandia Shuttle Express (www.sandiashuttle.com) for transportation from the Sunport (ABQ) to Santa Fe. This option is available for \$33 (each way) and you may request to be dropped off at the Inn on the Alameda (or another Santa Fe hotel, depending on where you booked your pre-night stay). If you plan to drive your own vehicle to the trip start and need a place to park it for the week the St. Francis Cathedral Basilica Parking Lot, located about a half a block from the first night's hotel, is the only walkable option. The cost is \$40-60/day (depending on demand). Call 505-995-8689 to discuss the daily rates for the dates you will need parking. Alternatively, a more affordable option is the Santa Fe Airport for \$3/day. However, the airport is 18 miles from the pickup/drop-off hotel and you are responsible for your own transportation to drop off and pickup your vehicle.

Before & After: Santa Fe, New Mexico

There are few places in North America quite like Santa Fe. It's a town of vibrant culture, color and texture, and offers a world class experience for any traveler. Santa Fe is the oldest Capital city in the US with buildings dating back to the late 1500's and a founding date of 1610 by the Spanish. Steeped in Native

After meeting at the hotel you'll enjoy a fresh, delicious lunch at a downtown park and, after a brief orientation and safety talk, saddle up to begin the day's ride through the historic town of Santa Fe.

If you will be late for the pick-up or are going to miss it altogether, please inform your guides. You will receive an email a week before the trip start with their names and contact details. Departing Time And Location

Following a 1.5 hour shuttle from Taos we will say our farewells at 12:45 PM at the Inn on the Alameda in Santa Fe. From here you may choose to stay for more time in town or return to the Albuquerque Sunport via Sandia Shuttle or another transportation method of your choosing.

INN OF THE TURQUOISE BEAR

New Mexican and Southwestern history are alive and well at the Inn of the Turquoise Bear. This is the stomping ground and homestead for some of the region's, and America's, most culturally influential guests, including O'Keefe, Cather, Millay, Lawrence, Stravinsky, O. Henry and many others. The adobe walls trace back to the 1800s, when Witter Bynner, a local icon and celebrity persona, built his home as a venue for the area's most Gatsby-esque parties. Today it's a vibrant, peaceful and fascinating escape that stands as a colorful reminder of the artistic community it originally supported. Its 11 bedrooms all treat you to something truly Santa Fe, with the smell of piñon burning in your kiva fireplace, the 40-inch mud adobe walls, meandering stone walkways and colorful gardens, which inspired these literary and musical legends in their art.

American, Spanish and Mexican History, Santa Fe has a unique character of earthen Adobe architecture that forms the organic grid of its charming streets. Many would say one night is not enough in Santa Fe as there is simply so much to see and do. It is regarded as the 3rd largest art market in the US, as well as one of the culinary meccas of North America, and is truly the cultural capital of the Southwest. We recommend the following accommodations for your pre and post-trip hotel.

ROSEWOOD INN OF THE ANASAZI

An authentic pueblo experience like this is hard to find. What other hotel boasts an Anasazi restaurant based on native heritage and fresh, seasonal ingredients? What other retreat can offer interior design that includes authentic, handcrafted textiles, paintings, carvings and baskets? There's no other hotel in the world with the same cultural look and feel as this one, only steps away from the city's historic plaza, and a short drive from Canyon Road and Bandelier National Park.

VILLAS DE SANTA FE

Villas de Santa Fe provide maximum control and convenience with the heart of the true Southwest. Accommodations are comfortable and peaceful and come complete with a two-burner stove top, toaster, refrigerator, microwave, and even a dishwasher. But once you venture outside the Villas' walls the city comes alive with the adventures of Santa Fe and the Sangre de Cristo mountains, including hot air ballooning, river rafting, cycling, hiking and fishing in the background.

What Are The Daily Rides Like?

- Rider Type | 3 - Active
- Average Daily Mileage | 34
- Terrain | Undulating
- Average Daily Elevation | 1,790 feet
- Total Miles | 203
- Total Elevation | 10,720 feet

Averages and totals are calculated from our "Today's Ride" options.

The terrain in Northern New Mexico is hilly to mountainous, and the rides feature an average of about 50 feet of elevation gain per mile. Of course, shuttles are always available when you've had enough and our shuttle points are designed to facilitate skipping the rougher or more heavily trafficked sections of the routes. Keep in mind that the elevation above sea level here is between 5,500 and 7,000 feet with avid options reaching almost 10,000 feet. This elevation tends to add a bit of difficulty to the terrain. Please also note that many of the roads in this region have a "chip seal" surface, which is a type of pavement treatment that is more rough than typical asphalt. Our New Mexico trip

What are the options for a non-rider travel companion?

Expenses and/or related transportation to these activities may not be included in the trip price. Some non-riding options on this trip are:
